

FUMIGATION SERVICES

BE COMPLIANT WITH ISPM-15, BMSB AND OTHER QUARANTINE CONTROL MEASURES

Fumigation is an important step in creating a safe environment for your cargo transportation and complying with requirements of the authorities. Avoid the risk of barred entry, additional costs of re-importing and other customs penalties at your destination with our fumigation service.

YOUR BENEFITS

BENEFIT FROM STRINGENT PROCEDURE BY EXPERTS

Protect your cargo from common pests such as beetles, weevils, flies and moths thanks to our partnership with an approved control specialist.

COMPLY WITH LOCAL REQUIREMENTS

Receive certificates issued by our offshore fumigator that comply with requirements of the authorities at your destination.

GET LOOSE CONTAINER LOAD FUMIGATION

Benefit from stack fumigation for your loose cargo under gas-proof sheetings.

HOW DOES IT WORK?

3 COMPLIANT SOLUTIONS

The used methods are compliant with the requirements from the local authorities:

- Methyl Bromide
- Phosphine
- Specific heat treatment
